Earth Day Celebration April 22

Everyday community members should take care of the environment; however, on Earth Day, everyone should focus on improving the environment as well. This year Earth Day is celebrated April 22 and the theme is "Preserving the Environment While Protecting Our Freedom." All community members are encouraged to get involved and participate in Earth Day activities by thinking about the things that can be done differently every day to help reduce pollution or conserve resources. Consider not letting the car engine idle for long periods of time, using a cloth sack when shopping instead of plastic bags, turning off lights when not in use and utilizing the household cleaner recycling center on Kelley Barracks. Look for Panzer Elementary students handing out recycling booklets at the Patch Commissary. For more info call the 6th Area Support Group Environmental Office, 421-6130/civ. 0711-729-6130.
