Backlot to Close in October

Due to recent fire and safety inspection findings, in addition to other efficiency initiatives, the Backlot Club located on Patch Barracks will close its doors in October.

Most services currently being offered in the facility will be maintained, however, they will be relocated to the Patch Community Club, which is located in close proximity to the Backlot.

Throughout a prolonged decision-making process concerning the Backlot, it was determined that the exorbitant amount of resources required to bring the facility up to standard would impact on numerous other ASG community programs across the board. Additionally, the 6th Area Support Group has been continuing to search for ways to streamline certain operations in an effort to maximize efficiency in its Morale, Welfare, and Recreation (MWR) program.

The ability to transfer most of the services currently being offered in the Backlot to another nearby club operation will minimize any impact to customers. Plans are already under way to increase all types of programming and entertainment to better serve the population.

The 6th ASG will continue to work directly with customers to improve and expand the Patch Community Club to offset the loss of the Backlot. Once demolished, the overall community will benefit by the reallocation of that property to much-needed parking for Medical and Dental clinic customers.
