Winter Tire Law

Commercial winter tires are marked with an M + S symbol on the sidewall. The tread of such tires guarantees the necessary traction in winter driving conditions like snow, cold and icy roads.

Those who are caught with summer tires in winter conditions will be fined 40 Euro instead 20 Euro as before, which is stated in the Regulation amending the Road Traffic Ordinance. However, the driver will be fined, not the owner. If traffic is impeded due to unsuitable tires, the driver will be fined 80 Euro.

Patch/Panzer Commissaries

NOTICE

Commissaries overseas are phasing out magazine sales by the end of January 2012

Stars and Stripes will still be available at your Commissary

- *Why is the commissary discontinuing magazines sales overseas?*
 - *The commissary is discontinuing the sale of magazines overseas because magazine sales in overseas commissaries have declined in recent years and transportation costs have increased.*
 - *Replacing magazines in the commissary with seasonal products and special promotions will not create a severe customer impact since magazines are available at the exchanges, book stores, and shoppettes, which are close to the commissary.*
