

## USAG Stuttgart Electronic Marquee Request

The marquees are located on Patch Barracks, Panzer Kaserne, Robinson Barracks and Kelley Barracks.

They are not designed to display a lot of information.

The marquees are good memory joggers to support information that may already be in the Citizen or on the CIC.

### ***Your message:***

The marquees are limited to three lines, with 12 characters, including spaces and punctuation, per line.

Use the below table as a template in crafting your marquee message. If your message does not fit in the boxes, it will not fit on the marquee.

Send your marquee request to [stuttgartmedia@eur.army.mil](mailto:stuttgartmedia@eur.army.mil)
