 S-Feuerbach

Open meeting – For those who want to check if they belong to AA or those who are close to an alcoholic and effected by his/her drinking.

Closed meeting – For only alcoholics and those having a desire to stop drinking.

Directions to Stuttgarter 10, Feuerbach from Messe Stuttgart, going from Patch to RB

Turn left at the main intersection directly after the Messe. There are two turn lanes and the right one ends abruptly so stay left. Continue down the hill in the left lane, past the parked cars, and turn left at the first intersection (direction Feuerbach)—this is Maybachstra. Staying left, turn left again at the next main intersection onto Seimensstr. There is an ESSO station diagonal to the intersection. Stay in the left lane down the hill past the crosswalk to the underpass, and at the bottom of the hill, turn left, staying on B295 (painted on roadway). At the second light, remain to the left; make a very sharp left turn (almost a U-turn) onto Blundenzerstr. (still B295). Here, you can stay in the left lane or the right. Make a left turn at the second light (a T-intersection). This is Stuttgarterstr. If you are in the left lane, you can continue STRAIGHT off of the B295 and park along the dead-end road leading the S-Bahn tracks. If you are in the right lane, travel a block down from the left turn onto Stuttgarterstr to a parking area just past the Aldi grocery store on your right. Stuttgarterstr. 10 is the first building on the dead-end segment of Stuttgarterstr. There is an AA sign on the side of the building. Walk down the very short alley (lights are automatic) into the door at the end and up to the second floor.

See you there!!
